**DETAILED ACTION**

1. This office action is in response to application 10/736,326 and amendment filed on 5/15/2006. Claims 2-7, 9-14 and 16-21 remain pending in the application.

***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew S. Anderson (39,093) on June 28, 2006.

The application has been amended as follows:

**ABSTRACT OF THE DISCLOSURE** on page 24 has been deleted and replaced by:

--A method for electrical schematic creation includes loading a schematic definition file, and determining circuit component placement relationships according to the schematic definition file and a component rule set. The method also includes defining a location of a first component of the schematic definition file, and defining locations of a plurality of second components of the schematic definition file in relation to the location of the first component. The method also includes creating a schematic output file corresponding to the circuit component placement relationships and the schematic definition file, so that the schematic output file describes an automatically-generated electrical schematic corresponding to the schematic definition file.--

The above abstract concisely describes the invention.

In addition, **the title** has been deleted.

**EXAMINER'S STATEMENT AS TO THE REASONS FOR ALLOWANCE**

3. Claims 2-7, 9-14 and 16-21 are allowed over the prior art of record. The arguments filed on May 15, 2006 have been fully considered and persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
